**with a view to a report on the annual accounts
of the Agency for the Cooperation of Energy Regulators
for the financial year 2015**

These preliminary observations were adopted by Chamber IV at its meeting of 19 April 2016.

INTRODUCTION

1. The Agency for the Cooperation of Energy Regulators (hereinafter “the Agency”, aka “ACER”), which is located in Ljubljana, was created by Regulation (EC) No 713/2009 of the European Parliament and of the Council². The Agency’s main task is to assist National Regulatory Authorities in exercising, at Union level, the regulatory tasks that they perform in the Member States and, where necessary, to coordinate their action. Under the REMIT regulation³, the Agency was given additional responsibilities, together with national regulatory authorities, regarding the monitoring of the European wholesale energy market.

INFORMATION IN SUPPORT OF THE STATEMENT OF ASSURANCE

3. The audit approach taken by the Court comprises analytical audit procedures, direct testing of transactions and an assessment of key controls of the Agency’s supervisory and control systems. This is supplemented by evidence provided by the work of other auditors and an analysis of management representations.

STATEMENT OF ASSURANCE

4. Pursuant to the provisions of Article 287 of the Treaty on the Functioning of the European Union (TFEU), the Court has audited:

² OJ L 211, 14.8.2009, p. 1.

³ Regulation No 1227/2011 of the European Parliament and of the Council (OJ L 326, 8.12.2011, p. 1), which assigns an important role to the Agency in supervising trading in wholesale energy markets across Europe.

- a) the annual accounts of the Agency, which comprise the financial statements⁶ and the reports on the implementation of the budget⁷ for the financial year ended 31 December 2015, and
- b) the legality and regularity of the transactions underlying those accounts.

The management's responsibility

5. The management is responsible for the preparation and fair presentation of the annual accounts of the Agency and the legality and regularity of the underlying transactions⁸:

- a) The management's responsibilities in respect of the Agency's annual accounts include designing, implementing and maintaining an internal control system relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies on the basis of the accounting rules adopted by the Commission's accounting officer⁹; making accounting estimates that are reasonable in the circumstances. The Director approves the annual accounts of the Agency after its accounting officer has prepared them on the basis of all available information and established a note to accompany the accounts in which he declares, inter alia, that he has reasonable assurance that they present a true and fair view of the financial position of the Agency in all material respects.
- b) The management's responsibilities in respect of the legality and regularity of the underlying transactions and compliance with the principle of sound financial management consist of designing, implementing and maintaining an effective and efficient internal control system comprising adequate supervision and appropriate measures to prevent irregularities and fraud and, if necessary, legal proceedings to recover funds wrongly paid or used.

⁶ These include the balance sheet and the statement of financial performance, the cash flow table, the statement of changes in net assets and a summary of the significant accounting policies and other explanatory notes.

⁷ These comprise the budgetary outturn account and the annex to the budgetary outturn account.

⁸ Articles 39 and 50 of Commission Delegated Regulation (EU) No 1271/2013 (OJ L 328, 7.12.2013, p. 42).

⁹ The accounting rules adopted by the Commission's accounting officer are derived from the International Public Sector Accounting Standards (IPSAS) issued by the International Federation of Accountants or, where relevant, the International Accounting Standards (IAS)/International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board.

The auditor's responsibility

6. The Court's responsibility is, on the basis of its audit, to provide the European Parliament and the Council¹⁰ with a statement of assurance as to the reliability of the annual accounts and the legality and regularity of the underlying transactions. The Court conducts its audit in accordance with the IFAC International Standards on Auditing and Codes of Ethics and the INTOSAI International Standards of Supreme Audit Institutions. These standards require the Court to plan and perform the audit to obtain reasonable assurance as to whether the annual accounts of the Agency are free from material misstatement and the transactions underlying them are legal and regular.

7. The audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the accounts and the legality and regularity of the underlying transactions. The procedures selected depend on the auditor's judgement, which is based on an assessment of the risks of material misstatement of the accounts and material non-compliance by the underlying transactions with the requirements in the legal framework of the European Union, whether due to fraud or error. In assessing these risks, the auditor considers any internal controls relevant to the preparation and fair presentation of the accounts, as well as the supervisory and control systems that are implemented to ensure the legality and regularity of underlying transactions, and designs audit procedures that are appropriate in the circumstances. The audit also entails evaluating the appropriateness of accounting policies, the reasonableness of accounting estimates and the overall presentation of the accounts. In preparing this report and Statement of Assurance, the Court considered the audit work of the independent external auditor performed on the Agency's accounts as stipulated in Article 208(4) of the EU Financial Regulation¹¹.

8. The Court considers that the audit evidence obtained is sufficient and appropriate to provide a basis for its statement of assurance.

Opinion on the reliability of the accounts

9. In the Court's opinion, the Agency's annual accounts present fairly, in all material respects, its financial position as at 31 December 2015 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation and the accounting rules adopted by the Commission's accounting officer.

¹⁰ Article 107 of Regulation (EU) No 1271/2013.

¹¹ Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council (OJ L 298, 26.10.2012, p. 1).

Opinion on the legality and regularity of the transactions underlying the accounts

10. In the Court's opinion, the transactions underlying the annual accounts for the year ended 31 December 2015 are legal and regular in all material respects.

[Other matter

11. Without calling into question the opinion expressed in paragraph 9, the Court draws attention to the fact that the annual accounts of the Agency were verified by an independent external auditor and that the Court considered the verification results when preparing its own audit opinion, as stipulated in Article 208(4) of the EU Financial Regulation. Under International Standards on Auditing, an auditor making use of another auditor's results is required to review their reliability. This review work is ongoing and the Court's opinion on the reliability of the accounts is subject to confirmation of the reliability of the independent external auditor's results.]

12. The comments which follow do not call the Court's opinions into question.

COMMENTS ON BUDGETARY MANAGEMENT

13. The Agency carried over 1,36 million euro, i.e. 59 % of its committed appropriations for Title III operational expenditure (2014: 1,57 million euro, i.e. 62 %). These carry-overs were mainly related to the implementation of REMIT (1,1 million euro), a complex operational activity on wholesale energy market integrity and transparency of a multiannual nature. The Agency also carried over 0,79 million euro, i.e. 35 % (2014: 0,98 million euro, i.e. 41 %) of committed appropriations for Title II administrative expenditure, mainly related to studies and services not yet delivered in 2015.

FOLLOW-UP OF PREVIOUS YEAR'S COMMENTS

14. An overview of the corrective actions taken in response to the Court's comments from the previous year is provided in Annex I.

Follow-up of previous year's comments

Year	Court's comment	Status of corrective action (Completed / Ongoing / Outstanding / N/A)
2014	The Agency carried over 1,57 million euro, i.e. 62 %, of committed appropriations for title III operational expenditure (2013: 3,1 million euro, i.e. 91 %). These carry-overs were mainly related to the implementation of REMIT, a complex multi-annual operational activity for which the Implementing Regulation was only adopted on 17 December 2014 ¹² . The Agency also carried over 0,98 million euro, i.e. 41 % (2013: 1,9 million euro, i.e. 56 %), of committed appropriations for title II administrative expenditure, mainly related to studies for the implementation of REMIT and annual contracts renewed towards the year end.	N/A
2014	In October 2013, through a budget amendment, the Agency received an additional 3 million euro in appropriations to implement REMIT, which it carried over to 2014. However, according to the Implementing Regulation the REMIT framework will only become operational in October 2015. Part of the funds was spent in 2014 on preparation for the implementation of REMIT. At the end of 2014, the Agency made two pre-financing payments amounting to 1,56 million euro for contracts on REMIT-related services to be provided in the period 2015 to 2017, thereby avoiding an automatic return to the Commission of the unused funds ¹³ . Although this will allow the Agency to finance its future REMIT-related activities, this is in contradiction with the budgetary principle of annuality.	N/A
2014	According to the Seat Agreement between the Agency and the Slovenian government a European School will be established in Slovenia. However, more than four years after the agreement no European School has been set up.	Outstanding

NOTES TO THE FINANCIAL STATEMENTS

ACCOUNTING POLICIES AND PRINCIPLES

The objective of the financial statements in general is to provide users with an overview on the financial performance, position and cash flow of an entity. For a public entity like the Agency this objective is more specific as the information contained is used in the decision making process as well as to demonstrate the accountability of the Agency towards the resources entrusted to it.

The financial statements for the year 2015 were prepared on the basis of the Commission Accounting Rules as laid down by the accounting officer of the Commission, applicable to the specific environment of the European Union and which are based on the International Public Sector Accounting Standards and International Financial Reporting Standards. The financial statements are prepared on an accrual basis whereas the reports on the implementation of the budget are prepared on a cash basis. Reconciliation between the two methods is presented in the second part of this annual accounts report.

The accounting system of the Agency contains general and budget accounts with the functional currency being Euro. The budget accounts provide a detailed picture on the implementation of the budget and are based on cash accounting principles. The general accounts prepared on an accrual accounting basis present the financial performance and position of the Agency as at the end of the financial year.

CURRENCY AND BASIS FOR CONVERSION

Functional and reporting currency

The functional and reporting currency used in the preparation of the financial statements for the Agency is Euro.

Transactions

Foreign currency transactions were converted into euro in accordance with Article 6 of the Commission Delegated Regulation (EU) No 1268/2012 of 29 October 2012 on the rules of application of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union¹⁵ using the official Commission exchange rates of the day on which the payment order was drawn up.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currency are recognised in the Statement of Financial Performance.

CHART OF ACCOUNTS

The chart of accounts used by the Agency follows the structure of the chart of accounts used by the Commission (PCUE).

CURRENT ASSETS

Receivables

Receivables are carried at original invoice amount less any write-down for impairment. A write-down for impairment of receivables is established only where there is objective evidence that the Agency will not be able to collect all amounts due according to the original terms of the receivables, with the impaired amount being recognised in the Statement of Financial Performance.

6. Short-term receivables

The Agency benefits from a direct exemption for VAT from the Republic of Slovenia for purchases above the threshold amount of €60. For purchases where the direct exemption is impracticable to obtain, the VAT is refunded by the Republic of Slovenia on a quarterly basis.

The advance payments made to contractors and recorded as short-term pre-financing relate to services derived from the long term project of REMIT expected to be provided in the course of 2015.

Salary advances paid to staff members are processed and/or recovered by the Pay Master Office (PMO) from the staff member salary in the month following that of the payment.

Deferred charges consist of prepayments made during the year mainly on subscriptions and insurance premiums, recovery of overpaid salaries of staff members, and a deposit made for the rental of furnished offices from *Poslovni Center za Opravljanje Celovitih Pisarniskih Storitv d.o.o.*

EQUITY AND LIABILITIES

8. Current liabilities

As of 31 December 2015 the Agency settled most of its current obligations towards its suppliers apart from one minor payment to be executed at the beginning of 2016.

Accrued expenses relate mainly to goods or service delivered at the end of the financial year but for which the invoices have not been received amounting to €468,812.21. According to Staff Regulation (Annex V – Leave, Article 4) the staff members are entitled to a compensation equal to one thirtieth of his/her monthly remuneration for each leave day due to him/her at the time of leaving the service. A holiday compensation amounting to €108,851.98 has been calculated and recognised as accrued expenses for all untaken annual leave entitlements as at the end of the 2015 financial year.

The budgetary outturn result remains the property of the European Commission and the Agency has an obligation to return the unused amount of the pre-financing. The 2015 related budgetary outturn will be returned during 2016 upon request of the Commission.

FINANCIAL INSTRUMENTS

Financial instruments held by the Agency are cash and cash equivalents, receivables and payables. The Agency has limited exposure to financial risks and it focuses on managing the risks identified below:

Credit risk

Credit risk arises when there is the possibility of the Agency's receivables defaulting on their contractual obligations resulting in financial loss for the Agency.

The maximum exposure to credit risk at the end of the financial year 2015 is the carrying amount of the assets shown under the notes 6 'Short-term receivable', excluding the amount

of short-term pre-financing that is already secured by bank guarantees, and note 7 'Cash and cash equivalents'.

Credit risk associated with the Agency's financial assets is minimal as the majority of them are held with institutions that have an external credit rating within the upper classes of the scale or are with debtors who never defaulted on their debt. The table below presents the credit quality of these assets that are neither impaired nor past due and that were grouped into two categories, with and without external credit rating, for the current and previous financial year.

Category:	Financial Assets	2015
Counterparties with external credit rating		
<i>Prime and high grade</i>		
<i>Upper medium grade</i>	Cash and cash equivalents	2,980,779.39

Counterparties without external credit rating		
<i>Debtors who never defaulted</i>	Receivables, accruals and deferrals	114,590.11
TOTAL		3,489,087.23

Liquidity risk

Liquidity risk arises when the Agency is unable to meet its financial obligations as they fall due. The Agency is exposed to liquidity risk through its trading in the normal course of business but has appropriate treasury management procedures in place to monitor forecast cash flows and ensure that sufficient funds are available to meet its legal commitments as they fall due.

The Agency's liabilities have remaining contractual maturities as shown in the following table:

<i>At 31 December</i>	2015	2014
Payables with third parties		
<i>Less than one year</i>	17.78	348.38
Payables with consolidated entities		
<i>Less than one year</i>	752,426.00	708,900.40
TOTAL	752,443.78	709,248.78

Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates and interest rates will affect the Agency's income or the value of its holdings of financial instruments.

The Agency does not have any borrowings and as such no exposure to risks due to interest rate fluctuations nor does it have any exposure to foreign exchange rates as all its holdings of financial instruments are held in Euro as functional currency.

The following table shows a summary of all financial assets expressed in Euro.

<i>Exposure to Euro at 31 December</i>	2015	2014

Other revenue recorded by the Agency as assigned revenue stemming from the fund source IC4 and amounting to €1,794.86 resulted from recovered overpaid amounts during the financial year 2015 related to:

- recovery of one overpaid telecommunication subscription;
- recovery of the fee from one lost parking card, and
- receipt of reserve pay-out from the translation office.

None of these assigned revenues have been consumed during the financial year 2015 and are therefore to be returned to the general budget.

BUDGETARY MANAGEMENT

Budgetary principles

The budget of the Agency has been established in compliance with the principles of unity, budgetary accuracy, annuality, equilibrium, unit of account, universality, specification, sound financial management and transparency, as set out in the Agency's Financial Regulation.

Subsidy from the general budget of the Union

Commitment and payment appropriations amounting to €11,266,000 were allocated to the Agency in 2015 from the general budget of the Union. These resources were allocated by the Agency among its Titles as follows:

ACER Budget 2015	€
Title I	6,529,935
Title II	2,361,253
Title III	<u>2,274,812</u>
Total	<u>11,266,000</u>

Budget and accounting management systems

In order to record and keep track of the budgetary transactions, the Agency uses ABAC, the same financial system used by the Commission, with the SAP system integrated as back-end for the accounting part.

The Business Objects web platform is used as the reporting tool. The workflow access in ABAC allows for an instant audit trail and provides the authorising officer with an overview on the segregation of duties compliance as required under the 'four-eyes' principle.

The inventories are managed by the Agency in accordance with its Financial Regulation and the system used to record inventory items is ABAC Assets2.

Nomenclature

The nomenclature of appropriations is as follows:

- C1: Appropriations voted in the current budget
- C4: Internal assigned revenue (current year)
- C8: Commitments carried forward corresponding appropriations
- IC1: Universal income voted in the budget
- IC4: Internal assigned revenue

REVENUE

For the financial year ending 31 December 2015 the Agency's budget was funded by a subsidy from the general budget of the Union amounting to €11,266,000. On top of the

annual subsidy an amount of €1,794.86 was recognised under the fund source IC4 as assigned revenue stemming from recovered overpaid amounts.

Appropriations not used at the end of the financial year 2015 amounting to €752,426 and made up from:

- unused 2015 appropriations amounting to €554,918.58,
 - cancelled appropriations carried over from 2014 amounting to €198,293.88, and
 - losses from transactions involving exchange rate operations amounting to €786.46
- will be returned to the Commission in the course of 2016.

Title 1

The budget allocated under Title 1 was implemented to a level of 93.48% during the financial year 2015. The slightly low implementation of commitment appropriations level is a result of vacancy gaps during the year and application of adjustments remuneration and rate of contribution to the pension scheme of officials and other servants of the European Union as well as the correction coefficient for Slovenia. The drop in the country's correction coefficient that has been larger than the positive salaries adjustment resulted in budgetary savings.

Title 2

The Agency managed to finalise most of the tender procedures launched during the financial year 2014 and this resulted in a high implementation of the allocated budget under Title 2.

The renewal of few large contracts that expired towards the year-end led to a low implementation of the payment appropriations resulting in the need to carry forward these funds into the following financial year.

Title 3

The Agency managed to place all the planned orders before the end of the year, which resulted in a high implementation of the commitment appropriation. However, the low implementation of the payment appropriations was influenced by the nature of the REMIT project that extends over several years.

Title 2

Most of the appropriations carried forward under this title were consumed in order to honour obligations the Agency had towards its suppliers. The unused portion was cancelled and is to be returned to the Commission.

Title 3

Appropriations carried forward under this Title were to a high extent used to cover the contracted obligations the Agency entered into the year before. The minor savings will be returned to the Commission during 2016.

Budget transfers

During the financial year 2015 a number of budgetary transfers took place in order to reallocate resources from areas where budgetary savings were identified towards areas of scarce resources to ensure the achievement of the year's objectives.

There were eight lots of approved budgetary transfers made within and between titles including one budget transfer above the 10% limit as approved by the Administrative Board.

The following table presents the detailed budgetary transfers made during the financial year.
